

# How to draw FIN with Adam Stower

Hello! ☺ Let's draw **FIN** from 'The Day Fin Flooded the World'

**TOP TIP** → use a pencil to lightly sketch out your drawing first, then when you are happy with it, go over it with ink.

1.

First, use simple shapes to build Fin's head and body.

2.

Next let's add some detail like Fin's face, arms and legs.

3.

Now it's time for Fin's hair, helmet (a goldfish bowl!) and his floaty dressing gown.

4.

Finally, go over your sketch with pen and rub out the pencil line. Add bubbles to make it look like Fin is underwater.

Finished? Well done!  
It looks.... **FINTastic!** Adam ☺
