

Cut, paste and mix heads, bodies, tails and legs to create your own Zoomer creature!

make your own

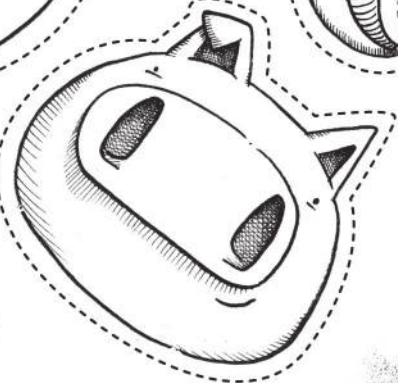

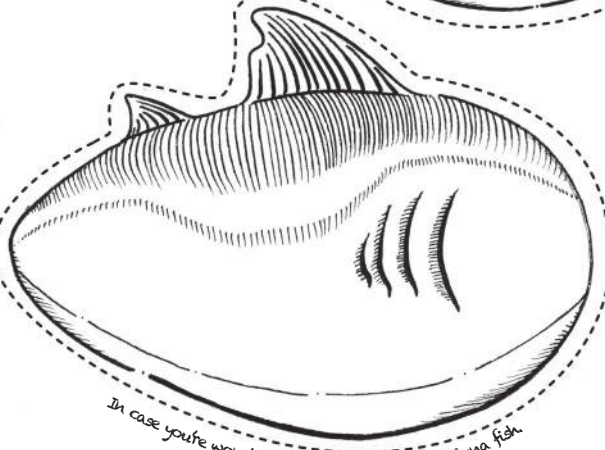

ZOOMER creature!

Don't forget to colour your creature and give it a funny name. The little guy above is an Ottish!

If you use this body your creature might end up in a MOOSEMUM!

In case you're wondering, this is the body of a tuna fish.

Share your Zoomer creature on Twitter using #Zoomershandbook @tiboldota @andersenpress
